Customer E-Newsletter

Volume 3, Issue 1, October 2011

Its already October....

After a summer that never seems to want to leave, even in October we are in the 80's. It is time to start thinking about getting that last project finished before the snow is here. Do you have any damage from a storm that has not been taken care of or any other projects that you wanted to finish before the end of the year. Let us help you with that and make sure that project does gets on the done list and not put on next years to-do list.

Tip of the Month:

Don't forget to clean your gutters before winter comes.

Its not too late for the Tax Credit

There is still a tax credit on energy efficient windows, skylights, doors, and insulation. It is smaller than previous years but if you need either or all of these projects and have not why not take advantage of the tax credit before it is too late. If you would like more information please [click here](#).

- \$200 for eligible windows and skylights
- \$500 for eligible doors (Exterior Doors)
- \$500 for eligible insulation projects

Monthly Special

For the entire month of October if you pay with Visa or MasterCard you can receive the same as cash discount!

Ask the Experts

Do you have any questions regarding remodeling or building? For example you may have questions regarding local codes or best practices. Send us an email and we'll do our best to track down an answer. Leave us your contact information and we will respond back to you as soon as possible. We'll also share the answer in next months newsletter to assist others
