Customer E-Newsletter

Volume 1, Issue 1, October 2009

## New for 2009 !

Over the summer of 2009, we have been working on updating and improving our brand and giving our image a fresh new look. Late this past spring we launched our new website, [www.1stChoiceHomeImp.com](http://www.1stChoiceHomeImp.com) and redesigned our logo as you can see above. We developed this newsletter to inform you about various specials and give you ideas for future projects. Also, we'll highlight current news and information and answer any questions that you may have for us in the "Just Ask" section.

## Energy upgrades can pay back in more ways than one this year.

This year when you make improvements to your home, you may not only reap the benefits by lowering your monthly utility bills but you could receive up to a \$1500 tax credit! If the work is completed by the end of 2009, you could take the credit this year. With improvements such as insulation, air sealing and window and door replacement, you will not only save some cash but these projects make your home more comfortable to live in. For more information, please contact us for a free consultation.

### Monthly Special

contract through the end of  
October!!!

- roof must be 8/12 pitch or less
- one time cleaning while our crew is on site.

## Ask the Experts

Do you have any questions regarding remodeling or building? For example you may have questions regarding local codes or best practices. Send us an email and we'll do our best to track down an answer. Leave us your contact information and we will respond back to you as soon as possible. We'll also share the answer in next months newsletter to assist others

## Featured Project

We increased the size of this existing deck that overlooks the St. Croix River and constructed a glass enclosure to provide the homeowners a space to enjoy the spectacular view during all four seasons!

## Fall Checklist

- Keep gutters clean from falling leaves
- Make sure outside faucets are turned off
- Change furnace filter
- Make sure your furnace operates correctly before you need it
- Fertilize your lawn so its ready to go in spring
- Close all storm windows to save energy
- Call 1st Choice to take care of any of those projects you didn't get to this summer

## Previous Customers
